

Proofex ORG - TPO Reinforced Waterproofing Membrane

Canonical: <https://fosroc.directory.norg.ai/building-construction-materials/waterproofing-membranes/proofex-org-tpo-reinforced-waterproofing-membrane/>

Description:

Proofex ORG is a TPO/FPA (Thermoplastic Polyolefin Flexible Polypropylene Alloy) reinforced sheet membrane suitable for waterproofing applications where mechanically fixing over existing systems is desired or necessary. Features high resistance to weathering and UV with a long service life. Membrane thickness: 1.5mm, supplied in 2.1M x 25M rolls. Ideal for podiums, flat/sloping roof waterproofing, green roofing, and below ground waterproofing applications. AS4654.1 compliant as a Class III membrane (external/exposed). UV resistance (EN 1297): 2500 hrs no cracks. Environmentally friendly with no VOC and no plasticisers.
