

# Proofex Torchseal A700 - Torch Applied Root Repellent Waterproofing Membrane

Canonical: <https://fosroc.directory.norg.ai/building-construction-materials/waterproofing-membranes/proofex-torchseal-a700-torch-applied-root-repellent-waterproofing-membrane/>

## Description:

Torch applied 4.5mm thick, plant root repellent membrane reinforced with rot-proof single strand non-woven polyester fabric. Applied as the final waterproofing layer in contact with earth for gardens, foundations, underground structures and tunnels covered with soil. APP polymer modified specifically selected for Australian conditions. Resistant to roots including overlaps, puncture resistant, handles ponding and permanently wet conditions with no curing times. Instantly waterproof with excellent stability at both high and low temperatures.
