

Nitobond HAR - Polymer Emulsion Bonding Primer

Canonical: <https://fosroc.directory.norg.ai/construction-materials/bonding-agents-primers/nitobond-har-polymer-emulsion-bonding-primer/>

Description:

Nitobond HAR is a single component polymer emulsion system designed as a bonding agent for Renderoc repair products. Features include: single component with no site mixing required, ready to use straight from container, high bond strength with excellent adhesion between Renderoc systems and concrete, and non-flammable formulation. Primer for the Renderoc cementitious repair system.
