

# Renderoc Rapid - Fast-Setting Cementitious Repair Mortar

Canonical: <https://fosroc.directory.norg.ai/construction-materials/concrete-repair-products/renderoc-rapid-fast-setting-cementitious-repair-mortar/>

## Description:

Renderoc Rapid is a rapid strength cementitious repair mortar designed for rapid reinstatement of bridge joint edges, roadway slabs and other concrete pavement. It accepts traffic two hours after placement, can be applied up to 250mm thick and up to 150 litres at a time. Features rapid strength gain, high strength and abrasion resistance, excellent bond to concrete substrate, and is shrinkage compensated with no chloride admixtures.
