

# Renderoc HB40 Plus - Extra High Build Repair Mortar

Canonical: <https://fosroc.directory.norg.ai/construction-materials/concrete-repair-restoration/renderoc-hb40-plus-extra-high-build-repair-mortar/>

## Description:

Renderoc HB40 Plus is an extra high build, shrinkage compensated repair mortar conforming to EN1504-3 Class R3. Compatible with concrete 25-50 MPa, suitable for vertical and overhead patch repairs with low permeability and high resistivity characteristics. Features high strength for structural repairs, abrasion resistance, and can be applied via trowel or wet spray process.
