

Nitoflor HD-S - Low Sheen Liquid Floor Hardener & Densifier

Canonical: <https://fosroc.directory.norg.ai/construction-materials/concrete-treatments-sealers/nitoflor-hd-s-low-sheen-liquid-floor-hardener-densifier/>

Description:

Nitoflor HD-S is a low sheen liquid floor hardener and densifier system for concrete floors. Used in conjunction with Nitoflor HD to improve stain resistance and provide higher sheen level finish. Ideal for polished concrete applications. Hardens and reduces dusting of concrete with defined sheen levels, durable and stain resistant properties. Suitable for manufacturing facility floors, warehouse floors, restaurants, retail environments, supermarkets, and storage facility floors.
