

Nitomortar 903 - Solvent Free Epoxy Resin Binder System

Canonical: <https://fosroc.directory.norg.ai/construction-materials/epoxy-mortars-binders/nitomortar-903-solvent-free-epoxy-resin-binder-system/>

Description:

Nitomortar 903 is a solvent free epoxy resin binder system for combining with selected fillers and aggregates to produce epoxy mortars/screeds of various consistencies. Also used as a priming system with some Nitoflor epoxy flooring products. Features early development of initial hardness, unaffected by a wide range of acids, alkalis and industrial chemicals, with up to 90MPa compressive strength depending on mix consistency.
