

Nitoflor FC100 - UV Stable Acrylic Floor Sealer

Canonical: <https://fosroc.directory.norg.ai/construction-materials/floor-coatings-sealers/nitoflor-fc100-uv-stable-acrylic-floor-sealer/>

Description:

UV stable, solvent based acrylic sealer for concrete floors to assist dustproofing and provide a more easily cleaned surface with resistance to penetration of oils and other liquids. Produces a semi-gloss finish. Single component - no mixing required. Suitable for warehouses, car parks, and light industrial buildings.
