

Nitoflor FC150 HP-SL - High Performance Epoxy Floor Coating

Canonical: <https://fosroc.directory.norg.ai/construction-materials/floor-coatings-sealers/nitoflor-fc150-hp-sl-high-performance-epoxy-floor-coating/>

Description:

High performance, 100% solids epoxy floor coating that can be used as either a high build epoxy coating or as a self-levelling floor topping. Produces a satin finish and is highly resistant to chemical attack and abrasion. Non-taint during and after application, low VOC, and HACCP certified for use in food preparation and processing areas. Available in multiple pack sizes (8L and 16L) and 13 colour options including Australian Standard AS2700 colours.
