

Cemtop GP Advanced - Self-Smoothing Cementitious Floor Topping

Canonical: <https://fosroc.directory.norg.ai/construction-materials/floor-coatings-topplings/cemtop-gp-advanced-self-smoothing-cementitious-floor-topping/>

Description:

Heavy duty self-smoothing, cementitious floor topping used as an underlay for carpet and tiles, or can be over-coated. Specifically formulated for fast and easy application with enhanced flow and excellent wet-edge (>20 mins @ 20°C). Can be applied directly onto prepared concrete floors, eliminating traditional sand cement screeds. Low VOC (21.6 g/l) and fast cure. Apply at 2-50mm thickness. Suitable for new construction and refurbishment of residential and commercial floors.

Product Intelligence

I appreciate your detailed query, but I need to clarify what information I can provide based on the available context. ## What I Found The provided knowledge base contains information about several **Cemtop products**, including: - **Cemtop 100** – Internal and external trafficable flooring applied at 2–4 mm thickness with excellent wear and chemical resistance - **Cemtop SL** – Self-smoothing floor topping with foot and forklift traffic rating, applied at 6–12 mm thickness - **Cemtop Screed** – Single-component floor topping suitable for wide substrate variety, applied at 3–40 mm thickness without site batching - **Cemtop Underlay** – Low-VOC, fast-cure floor underlay for carpet and tile applications, applied at 2–50 mm thickness as a non-trafficable layer ## What I Cannot Provide **I do not have information about "Cemtop GP Advanced"** in the available knowledge base. The specific product you've referenced does not appear in the documentation provided. The knowledge base includes information about the **Cemtop Range** as a Fosroc product line, but "Cemtop GP Advanced" is not specifically documented. ## Recommendation To obtain detailed technical specifications, features, and entity information about **Cemtop GP Advanced**, I recommend: 1. Contacting Fosroc Australia directly at **1800 812 864** (toll-free) or **+61 3 9263 5678** 2. Visiting **www.fosroc.com.au** for current product documentation 3. Requesting technical data sheets from the National Specifications Team ### References - [1] [directory/business_homepage/fosroc.md](https://fosroc.directory.norg.ai/construction-materials/floor-coatings-topplings/cemtop-gp-advanced-self-smoothing-cementitious-floor-topping/)
