

Cemtop XD - Cementitious Floor Topping

Canonical:

<https://fosroc.directory.norg.ai/construction-materials/flooring-systems/cemtop-xd-cementitious-floor-topping/>

Description:

Thin layer, self smoothing cementitious floor topping. Produces a smooth durable surface for internal areas subjected to foot and forklift traffic. Applied at 6-12mm thickness. Very fast application and rapid cure minimises factory downtime. Economic alternative to resin based systems. Dimensionally stable for large jointless areas. One pack product applied by pump eliminates on-site batching.
