

Nitoprime 115 Water-Based Primer for Non-Porous Surfaces

Canonical: <https://fosroc.directory.norg.ai/construction-materials/primers-sealers/nitoprime-115-water-based-primer-for-non-porous-surfaces/>

Description:

Water-based primer specifically designed with adhesion enhancing properties for use onto metallic, smooth, dense, and non-porous surfaces. Suitable as primer over non-porous surfaces for Nitoproof water-based membranes. Low VOC, non-flammable, free of hazardous odours, fast drying with excellent water resistance.
