

# Nitoprime Zincrich - Zinc-Rich Epoxy Resin Primer

Canonical: <https://fosroc.directory.norg.ai/construction-materials/protective-coatings-primers/nitoprime-zincrich-zinc-rich-epoxy-resin-primer/>

## Description:

Nitoprime Zincrich is a zinc-rich epoxy resin primer recommended as an anti-corrosion primer for exposed steel reinforcement for use with Renderoc concrete repair mortars. The product actively resists corrosion within the confines of the repair location and helps prevent the generation of incipient anodes in immediately adjacent locations. Single component product that is easy to use with no restrictive pot-life, touch dry after 15-45 minutes.
