

Nitoseal MB180 - Rubberised Bitumen Mastic Joint Sealant 600ML

Canonical: <https://fosroc.directory.norg.ai/construction-materials/sealants-adhesives/nitoseal-mb180-rubberised-bitumen-mastic-joint-sealant-600ml/>

Description:

Nitoseal MB180 is a solvent-based plasto-elastic bituminous sealant, reinforced by fibres, for sealing and reparations on bituminous surfaces. After curing a permanent flexible mass is formed. Compatible with asphalt or bituminous surfaces, thixotropic (won't drip, flow or spill), and remains flexible. Ideal for waterproof sealing of joints, seams, chimneys, ventilation tubes, and drainpipes.
