

# Vandex Uni-Mortar 1-Z - Cement Based Waterproofing Repair Mortar

Canonical: <https://fosroc.directory.norg.ai/construction-materials/waterproofing-repair-mortars/vandex-uni-mortar-1-z-cement-based-waterproofing-repair-mortar/>

## Description:

Cement based reprofiling and waterproofing repair mortar for 6mm to 12mm thickness applications. Primarily used for reprofiling new and old concrete and masonry surfaces prior to application of Vandex membranes. Highly abrasion resistant, approved for potable water contact, and tested to withstand 70 metres water head pressure at 10mm thickness.
